AiMHi Announces Expansion to Smithers, Integrating GPAR Services

July 2, 2024

Prince George, BC - AiMHi is delighted to announce its expansion to Smithers, taking over the GPAR services. This exciting development will include three houses, supporting eight individuals, and welcoming 22 new employees into the AiMHi family.

This expansion marks a significant milestone for AiMHi as it celebrates 67 years of dedicated service in Prince George. Extending our reach to Smithers allows us to bring our person-centered approach and commitment to supporting individuals to this vibrant community.

The decision to integrate GPAR into AiMHi was driven by the remarkable synergy between our organizations. Both AiMHi and GPAR share similar values and a deep commitment to person-centered support. The retiring owner of GPAR recognized this alignment and chose AiMHi as the best fit to continue the mission of providing excellent care and support.

“We are honored to extend our services to Smithers,” said Mark Zuberbuhler, CEO of AiMHi. “This expansion not only broadens our impact but also reinforces our dedication to strengthening communities and supporting individuals in leading fulfilling lives. We are excited about the opportunities this brings and look forward to working closely with our new team members and the Smithers community.”

AiMHi’s expansion is a testament to the dedication and hard work of its staff, who have continually strengthened the community of Prince George. By integrating GPAR services, AiMHi aims to bring the same level of care, respect, and excellence to Smithers.
